Eastham — Gateway to the National Seashore

Welcome to Eastham!

Not only a quaint, historic New England township, Eastham is also a tranquilizing and exhilarating village to experience. For every season there are special activities for each member of the family: long sandy beaches, miles of biking and hiking trails, boutiques and galleries, sumptuous restaurants, and lodgings that suit all needs... from deluxe accommodations to campsites, quaint cottages, and elegant inns speckled throughout the village of Eastham.

The National Seashore Visitor Center is located in the heart of Eastham and offers miles of unspoiled shoreline and beaches, with marshlands and forests like a romantic's dream. Park rangers offer daily-guided canoe trips, interpretive walks, and several constantly changing activities for the whole family.

Eastham is found on the Outer Cape, isolated from the commercial and suburban, yet just a short drive to Hyannisport, the Martha's Vineyard and Nantucket ferries, whale watches and hundreds of other Cape Cod attractions.

Eastham is home to Cape Cod's oldest working windmill, built in the 1680s. Along with several historic buildings, sites, museums and districts, Eastham is proud of its many National Historic Register designations, with the following listed in the Massachusetts Historic Register: the Old Town Center Historic District, Bridge Road Cemetery, and Cove Burying Ground, protecting our lineage.

Experience Eastham's hospitality as you dine on local seafood, rent bikes for an outing, golf on championship courses, visit specialty shops, and absorb the history and natural wonders. Wander through the 1,000 acre Audubon Sanctuary, play on the beaches, and retrace Henry David Thoreau's footsteps.

Discover why the *New York Times* called Eastham "Cape Cod's little secret." Come to Eastham and help celebrate 350 years of American History!

Eastham

Eastham is a quintessential paradise, where the Outer Cape begins. Called Nauset until 350 years ago, on June 7, 1651, its name was forever changed to Eastham by the court in Plymouth. A narrow strip of rural country with marshes, ponds, bogs, and forests that are unharmed by time, Eastham is bordered on the east by miles of the majestic Atlantic Ocean, and on the west by Cape Cod Bay.

Eastham is one of the early pages in American history. First Encounter Beach is the site of the first meeting between the Pilgrims and the American Indians. In 1620, a small band of Pilgrims from the Mayflower was led by Miles Standish on a hunting expedition. The Indians, recalling kidnappings by early English slave traders, sent a warning of arrows, which was answered by musket fire before each party fled.

Eastham was settled in 1644 by Pilgrims who were dissatisfied with the poor quality of the lands granted to them in Plymouth. Descendants of the original settlers still live in the area; their names are evident on mailboxes and street signs. Three of the original passengers of the Mayflower are buried in the Old Cove Cemetery. Once home to whaling, fishing, salt works, and asparagus farming, Eastham is now best known for its beaches and conservation areas. As Gateway to the National Seashore Park protecting over 27,000 acres of the Outer Cape, and one third of the town of Eastham, both residents and visitors can revere in a land little changed since

Thoreau wrote his masterpiece, *Cape Cod*, over one hundred years ago.

Today Eastham proudly continues its heritage where you can discover windmills, museums, and salt air breezes in the classic Cape Cod, known as Eastham.

Museums & Historic Sites

EASTHAM WINDMILL, (9) located on Windmill Green across from Town Hall, is the only Cape Cod windmill still on a working site. It is a smock mill of an English/French style most likely built in Plymouth in the early 1680s. It was moved to Truro in the 1770s to Eastham, by Salt Pond in 1793, and its present site in 1808. Open 10 AM to 5 p.m. summer.

OLD SCHOOLHOUSE MUSEUM (5) is on Nauset Road opposite the Cape Cod National Seashore Visitor Center. It is a one-room schoolhouse built in 1869, which served the town until 1936. The museum displays various objects from the town's history, including farming, shipwrecks, the Life Saving Service, the school and daily life. Open Mon. thru Fri. in July & Aug.; Sat only in Sept. 1-4 p.m.

SWIFT-DALEY HOUSE (11) is located on Route 6 next to the Post Office. Built in 1741, its bowed roof is typical of early houses built by ships carpenters, with wide board floors, deep kitchen fireplace and narrow stairways. Completely furnished, its collection includes examples of period clothing, china, Indian artifacts, quilts and household items. Open Mon. thru Fri. in July & Aug.; Sat. only in Sept. 1-4 p.m.

TOOL MUSEUM, (11) located behind the Swift-Daley House, displays hundred of tools, many unusual and unique to New England. On the same site is the Dill Beach Shack, a survivor of the 1978 storm that ravaged the spit south of the Coast Guard Station. Open Mon. thru Fri. in July & Aug.; Sat. only in Sept. 1-4 pm.

OLD TOWN CENTER HISTORIC DISTRICT, (7) listed in the Massachusetts Historical Register, offers a fascinating walking tour past seventeen historically and architecturally significant homes (see page 29).

OLD COAST GUARD STATION (14) Since the early years of the Pilgrims, the Outer Beach of Cape Cod was known as a notorious "graveyard of ships". In 1871, the United States Congress appropriated funds for 9 life saving stations along the outer shores. The Nauset station was built and served for many years. It was rebuilt in 1937 and currently stands overlooking the Atlantic Ocean.

PENNIMAN HOUSE, (13) on Governor Prence Road at Fort Hill, was built by Captain Edward Penniman. The house was constructed in 1868, in the Second Empire style, making it a favorite of both architectural and history buffs. As one of the most resplendent sea captains homes on the Cape, it denotes the once profitable whaling industry.

INDIAN ROCK AT SKIFF HILL (15) is a huge, fine-grained metamorphic rock with abrasive qualities that shows its scars from years of grinding and polishing implements made of stone and animal bones.

THREE SISTERS OF NAUSET LIGHTHOUSES (1) The Nauset Beach Light Station was established in 1839 with three small brick towers. In 1892, as the Atlantic was about to claim the brick towers, three new towers of

wood were commissioned. In 1911, two were abandoned leaving the center tower known as “The Beacon” until 1923. Today the wooden set of the “Three Sisters” has been reunited, restored, and preserved by the Cape Cod National Seashore.

NAUSET LIGHT (2) In 1923 the Lighthouse Service replaced “The Beacon” with one of Chatham’s cast iron and brick lined towers built in 1877. In 1940, it was painted a distinctive red and white to match its light characteristic. Threatened by erosion in the 1980s and 90s, the Nauset Light Preservation Society was formed by Eastham residents to save and restore the lighthouse, an effort realized in 1996. In October 1998, the 1875 lighthouse keeper’s home was also moved and reunited with the light tower.

Dining

Among its many attributes, Cape Cod is well known for its wealth of restaurants, and Eastham is no exception. Whether you're seeking fine dining on linen or a hands-on lobster dinner at a picnic table, the restaurants in Eastham and the surrounding towns will treat your taste buds to an exceptional experience.

Most famous for its seafood and lobster specialties, Eastham also offers visitors a full selection of establishments serving everything from coffee and homemade donuts for breakfast, to chocolates and ice cream for a late dessert. Dining in most establishments is casual; and while shoes and shirts are always required, the need for jackets and ties is rare.

On pages 22 and 23 you will find a listing of dining establishments in the Eastham area. The information presented is designed to serve as a guide only, and while we have attempted to verify the facts, you should always check with the individual establishments regarding reservations and other details.

EXTREME ICE CREAM

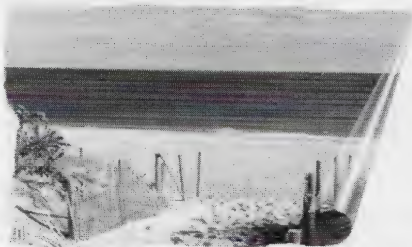

Day one, go for two cool flavors in a big waffle cone swamped in hot fudge. **Next day**, order another flavor in a really thick shake and cart home two more in an ice cream cake for later. **Eventually**, you think it's safe to tell all your friends you've tried every flavor. Then we invent one you haven't. **Now what?** Obviously, today you need to come in for a sundae. **Bummer.**

A Walk Around the Olde Town Historic District

Start at the **(A)** Salt Pond Visitor Center of the Cape Cod National Seashore. Directly across, with the Whalebones, is the **(B)** Schoolhouse Museum, 1869. Next to that is a full Cape, the **(C)** Bertha Keefe House c.1828. Cross Route 6 at the lights; on your right is the **(D)** Over Look Inn; a Queen Anne Victorian built in 1869. At the corner of Route 6 and Salt Pond Road is the **(E)** Old Town Hall, 1851. Continue on Salt Pond Road; the **(F)** Joseph Cobb, an 1848 Greek Revival House is on your left. The old Town Pump and Watering Trough are situated at the fork. To the left is the **(G)** Philander Shaw House, a 1795 full Cape, and directly across is the **(H)** Captain Savage House, an 1850 Greek Revival with beautiful gardens. On your right is the **(I)** Knowles Doane House, 1765, a fine half Cape house. Continue up Locust Road; at the top of the hill on your right is the 1820 full Cape **(J)** Moore House, next to it the c. 1869 **(K)** Barnabus Chipman House, a Greek Revival, and directly opposite is the 1700 **(L)** John Knowles House. Turn left onto Mill Road; a few hundred yards on your left is the **(M)** Truesdale Fife House. Go up the hill to the **(N)** Windmill where during summer months the Town Miller grinds corn. Turn left on Depot Road and left on Route 6. A hundred yards down is the

(O) 1823 Sullivan House and Cottage. A beautiful view of Salt Pond and Nauset Inlet is visible at this point. Continue a little way to the **(P)** John Sparrow House, 1823, and the **(Q)** Jesse Collins, a Federal Style House on the corner of Locust Road. Continue to the traffic lights on Route 6 and cross back to the **(A)** Salt Pond Visitor Center.

WINDMILL WEEKEND

Eastham's Windmill Weekend is a community festival, a fair, and a family party all rolled into one. It is held annually on the weekend following Labor Day, Friday through Sunday, September 1-3, 2001.

Windmill Weekend is a continuous string of events held on Windmill Green and various other locations around town. Activities include a sand art competition, road races, band concerts, an arts and crafts show, a tricycle race, and square dancing. Interspersed with hometown entertainment are performances by professional dancers, comedians, and musicians.

One special highlight is the public recognition of one or more Eastham citizens who have demonstrated unusual dedication to the town through volunteer activities. Excitement piques with Sunday's parade, developed each year around a popular theme.

Biking & Hiking in Eastham

Eastham boasts two bike paths and several walking trails that travel through remarkably picturesque scenery. Both bike paths are paved and provide an opportunity for bicyclists and hikers to enjoy a very special encounter with Cape Cod's charm and beauty.

Within and around the trails are heavily wooded forests, lakes and quiet kettle ponds, salt marshes, bogs, winding creeks and sandy beaches. Whether you are walking or biking, these trails are an enjoyable and fulfilling way to experience Cape Cod at its very best.

🚲 **THE CAPE COD RAIL TRAIL** ("the Bike Path") is a twenty-four mile path that starts on Route 134 in Dennis and ends at LeCount Hollow in Wellfleet, having traveled the entire length of Eastham. The trail follows the old Penn Central Railway tracks. Today the tracks are gone, but the convenience to all of Eastham is easily accessible. Just off the path, side trips offer ocean beaches and fishing piers; country stores and quaint villages; parks, picnic areas, places to lodge and places to dine.

🚲 **NAUSET BIKE TRAIL (H-5)** starts at the National Seashore Visitor Center and two and one quarter miles later ends at Coast Guard Beach. Magnificent vistas of the salt marsh and the Atlantic Ocean are not to be missed. The trail is wheelchair accessible, and can be shortened by starting at the Doane Rock picnic area.

🚶 **THE LADY SLIPPER TRAIL (H-3)** in the Wiley Park Conservation Area is a walking trail through the woods on Great Pond and Bridge Pond. There is also a beach at Wiley Park. Parking and restroom facilities are available.

🚶 **THE LAMONT-SMITH CONSERVATION (I-3)** land adjoins Wiley Park and has walking trails along Bridge Pond and Great Pond, as well as Widow Harding Pond. It is where Eastham's Herring Run flows into Bridge Pond and on to Great Pond.

🚲 and 🚶 indicate map locations (see page 32-33). *Biking & Hiking continued on page 42*

🚶 **COTTONTAIL ACRES (J-4)** is more of Eastham's conservation land with hiking trails through meadows peppered with wildflowers along Herring and Jemina Ponds.

🚶 **FORT HILL TRAIL (L-5)** is a one and one-half mile trail with some log steps on slopes. This walking trail offers spectacular views of Nauset Marsh, the Nauset Spit and the Atlantic Ocean. Bring binoculars for wonderful birding opportunities.
